

# MORE EYES ON YOUR SPACE!

- Showcase PROJECT WE BEAM in available under-utilized storefront windows.
- Give children a voice about our environment.
- Spotlight kids' inventions and practical ideas to fix problems caused by climate change.
- Draw more eyes to your space.

**PROJECT WE BEAM**  
creates space for public conversations between kids and everyone else about the design and invention of our shared future.

**PROJECT WE BEAM**

Produced by From A Child's Point of View and Bellingham Youth Media Project
